

Project Management Professional (PMP®) Exam Preparation

Presented by the Graduate School of Technology Management, University of Pretoria

Brief description

The **Project Management Professional Exam Preparation (PMP)** workshop assists you in improving your knowledge of project management in preparation of the PMP examination. Unlike other certifications that focus on a particular geography or domain, the international PMP certification can lead to project management work in virtually any industry, using various methodologies and/or in any possible location. The PMP helps you understand the global language of project management and enables you to better connect with the global project management community. The workshop focuses on the following knowledge areas: initiating projects; planning projects; executing projects; monitoring and controlling projects; and closing projects.

Course Content

- Introduction and overview of PMP certification
- The environment in which projects operate
- The role of the project manager
- Project integration management
- Project scope management
- Project schedule management
- Project cost management
- Project quality management
- Project resources management
- Project communications management
- Project risk management
- Project procurement management
- Project stakeholder management
- Professional and social responsibility
- Simulated/mock PMP exam

Project Management Professional (PMP®) Exam Preparation

Presented by the Graduate School of Technology Management, University of Pretoria

Learning Outcomes

After successfully completing the workshop,

- ✓ You will be prepared to write the PMP exam
- ✓ You will have a discernible knowledge of all the PMBOK knowledge areas and process groups and know how to implement its approaches in agile environments
- ✓ You will gain information on how to apply for and write the PMP exam will also be provided
- ✓ You will receive numerous practice exam questions per knowledge area and the workshop will culminate in the candidates writing a mock PMP exam to test their newly acquired knowledge

Benefits of PMP certification as a PMP:

- You can work in virtually any industry, with any methodology and in any location.
- Opportunity to learn, expand yourself and your abilities
- You become a better project manager by taking your knowledge to the next level
- International exam to prove your knowledge and experience in applying the art and science of project management
- Achieving PMP certification is a way to set yourself apart
- Financial certification incentives reason you get a job, keep your job or are promoted

Entry Requirements:

The course has no prerequisites but eligibility to write the exam and gain certification is strictly prescribed. The prerequisites to becoming PMP® certified are:

- ✓ A four-year degree, 36 months leading projects, and 35 hours of project management education/training (PPM or equivalent) or CAPM® Certification
- OR -
- ✓ A Grade 12 certificate or the global equivalent, 60 months leading projects and 35 hours of project management education/training (PPM or equivalent) or CAPM® Certification. Delegates are advised to book to write the exam 1–2 months after the course. This must be done through the PMI at www.pmi.org

Who should attend:

This course is ideal for experienced project managers who want to enhance their career prospects.

Testimonial

"Taryn's course notes, multi-choice practice questions and mock exam played a huge role in helping me pass the PMP® exam. I recommend taking her PMP® Exam Prep course should you want to become a PMP®." – Jits Ramdhani.

Accreditation and certification

Enterprises University of Pretoria (Pty) Ltd is wholly owned by the University of Pretoria. As a public higher education institution, the University of Pretoria functions in accordance to the Higher Education Act 101 of 1997. Enterprises University of Pretoria offers short courses on behalf of the University and these short courses are not credit-bearing, and do not lead to formal qualifications on the National Qualifications Framework (NQF) – unless stated otherwise. Programme leader

Dr Taryn Bond-Barnard

Senior Lecturer

Graduate School of Technology Management

Email: taryn.barnard@up.ac.za

Taryn Bond-Barnard is a Senior Lecturer in the Graduate School of Technology Management at the University of Pretoria, South Africa. Her qualifications include an engineering degree (cum laude), Master's (cum laude) and PhD in Project Management. Taryn is a certified Project Management Professional (PMP) and a professional engineer. She has extensive industry experience in project management, process engineering, business analysis in the information and communications technology industry both in the public and private sector. Currently, she teaches various modules on the School's Master's in Project Management Programme (MPM). It is the only Master's Programme on the African continent that is accredited by the Global Accreditation Center (GAC) of the Project Management Institute (PMI). She has published widely in both national and international journals and regularly presents papers at conferences in her field of expertise. In 2018 she received the International Project Management Association (IPMA) Global Young Researcher Award and in 2019 was recognised as one of the Top 200 Young South Africans. Her research interests include project communication management, IT and services project management.
